God Dreams of Opportunities

Overall Concept

- God's dreams are good and big
- God sees the possibilities, and the opportunities we could take
- We must be bold and take opportunities according to our gifts and calling
- We need to continue to Re-Wax our Ethos in these crucial areas: prayer, family, outsiders, worship, etc.
- When we step out in faith and take opportunities God has placed in our path, we will expect good and big things to take place – so get excited!
