### God's Grand Love

#### **Overall Concept**

- God's love is Grand! Infinite, inexhaustible, unending, indescribable...
- Knowing God's love changes our relationship with Him, with ourselves, and with others
- We know this love and we know that He died for us in Love
- We often don't *know* this great love
- We should acknowledge the truth of His love in our head and let every thought conform to that truth
- We should re-live this truth in our imagination and heart, as we do with other things (food!)
- We should seek God to experience afresh His grand love
